Dear Friends and Fellow Cattlemen:

Welcome to the Second Dakota Classic Sale! We were overwhelmed with the support and success of our 2006 sale and grateful to all who were involved.

We are extremely excited about what we have to offer this year and invite you to come and take a look for yourself. We have selected the best from our herds and are sure you will not be disappointed.

If any of The Partners or the members of our sale team can be of assistance to you, please let us know. If you cannot attend the sale, real-time bidding will again be available on the LiveAuctions.tv site. We look forward to seeing you in Madison, South Dakota, on Friday, February 9th!

Sincerely,
Rob Vanhove

The Partners invite you to view the sale offering at your convenience at Vanhove Show Cattle, Madison, South Dakota, prior to Wednesday, February 7. Cattle will be ready for viewing at the Madison Livestock Auction beginning Thursday, February 8.

1 p.m. (CST), Friday, February 9, 2007

Madison Livestock Auction, Madison, South Dakota

70 Spring Bred Cows @ 98 Spring Bred Heifers

... Featuring the progeny and service of the club calf industry's most prominent sires!

SALE LOCATION

Coming from the west on Hwy. 34 or the north on Hwy. 81, from the Pizza Ranch corner go east 1 mile past the stoplights to four-way stop (Subway corner). If coming from the east on Hwy. 34, from the white buffalo go 1 mile north to four-way stop (Subway corner). Then from Subway corner, go east 1/2 mile to Division Avenue (road will change from four lanes to two lanes at this corner). Turn south and go 2 blocks to four-way stop at Center Street. Turn east.

MOTEL ACCOMMODATIONS

AmericInn Lodge, Madison—(605) 256-3076; Super 8 Motel, Madison—(605) 256-6931.
Ask for the Dakota Classic room block when making reservations.
Additional lodging is available in Sioux Falls and Brookings, about an hour from Madison.
If we can assist with making your reservations, please call (605) 482-8465.

AIR TRANSPORTATION

Joe Foss Field in Sioux Falls is served by major airlines. Rental cars are available, or we will be happy to meet your flight with advance notice.

SALE TERMS AND CONDITIONS

All animals sell to the highest bidder. Any disputes with regards to bids will be settled by the auctioneer, and his decision will be final. Terms of the sale are cash, credit card or good check. Settlement must be made with the sale clerk during or immediately following the sale and before cattle will be released.

ABSENTEE AND INTERNET BIDDING

If you are unable to attend the sale but would like to place a bid on any lot/s, please call prior to sale day and you will be assigned a member of the sale staff to handle your bids. You may leave a bid with the sale staff or be contacted by phone when your lot sells. Real-time bidding is also available via the LiveAuctions.tv website. Internet buyers must create an account and request a buyer number at least two days prior to the sale. Pre-register with Brad Fahrmeier, phone (816) 392-9241, e-mail brad@LiveAuctions.tv, or visit their website: <http://www.LiveAuctions.tv> for account setup instructions.

HERD HEALTH

All animals will be accompanied by valid health papers for immediate interstate transfer. Females of age have been calfhood vaccinated for brucellosis. Cattle have been wormed and treated for lice and grubs with Dectomax as well as vaccinated with CattleMaster 4VL5. All bred heifers have had two shots of Scour Guard 3KC; all cows have had one shot.

BREEDING GUARANTEE

All females are sold under the condition "safe in calf" as attested to by a licensed veterinarian and sell with no further guarantee. The ultrasound results reported are as accurate as possible but are not guaranteed. No guarantee is given that bred females will deliver a live calf.

INSURANCE

We take every precaution for the care and safety of your purchases. The purchaser assumes risk of death or injury after the animal is "sold."

ANNOUNCEMENTS

All announcements made from the auction block sale day will take precedence over statements in the sale catalog or any other form of advertisement.

LIABILITY

All persons who attend the sale do so at their own risk. Neither the owners, Madison Livestock Auction nor any other person associated with the sale assumes liability, legal or otherwise, for accidents or loss of property due to theft, sickness, mysterious disappearance, improper hauling or Act of God.

Also attend the Sweetheart Sale at Mitchell, South Dakota, on Saturday, February 10.

Bred Cows

... Lots 1-70

Lot 1

Lot 3

962 White

CALVED: 3/1999 • Black

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Angus

- A powerful Meyer daughter with tremendous bone, muscle and rib shape. She produced 18 eggs in two flushes last year. Her Sun Seeker calf should be exciting.
- Bred AI 5/26/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/05/2007. Pasture exposed 5/30/2006 to 7/30/2006 to a Draft Pick son.

DSUL Meyer 77H

CALVED: 1998 • Black

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Maine-Angus (by Power Plant)

- 77H is a very powerful donor and quite possibly the most consistent Meyer daughter we own. Seeing is believing with this beautiful female. Her depth, clean profile and fault-free structure pass along to each of her calves. This young donor produced the 2002 Reserve Grand Steer at the Nebraska State Fair for the French family. Young, proven and easy to look at, she is one we hate to see go.
- Pasture exposed 6/06/2006 to 8/23/2006 to DSUL FULL OF 602. Due early April.
- LOT 3A:** Three frozen embryos by ALMOST FAMOUS.
- LOT 3B:** Three frozen embryos by DSUL FULL OF 602.

J908

CALVED: Spring 1999 • Black

SIRE: Chill Factor (Cunia x Ms Coldfront 2066)

DAM: Angus

- J908 has been a very good producer for us. Her first calf was a Grizz son that was used as a clean-up bull on many of the heifers in this sale. We have a couple of daughters in the herd also. J908 is how we like them—deep and powerful. She is a hard one to part with. A granddaughter sells as Lot 146.
- Bred AI 6/24/2006 to FRICTION. Ultrasounded safe to AI, due 4/02/2007. Pasture exposed 7/23/2006 to 8/31/2006 to a Maine/Sim-cross bull.

K019

CALVED: Spring 2000 • Black

SIRE: Chill Factor (Cunia x Ms Coldfront 2066)

DAM: Angus

- Another deep, stout Chill Factor daughter, K019 is an excellent producer. Her Irish Whiskey daughter is in our replacement pen. We shouldn't be selling cows like this.
- Bred AI 7/04/2006 to MONEY TALKS. Ultrasounded safe to AI, due 4/12/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

Lot 5

Lot 7

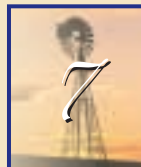

J997

CALVED: Fall 1999 • Black/blaze-face

SIRE: Black Knight son

DAM: Maine-cross

- If you want them deep and powerful, look no further. Always one of our favorite cows, J997 has produced several calves for our pasture sales. Two of her steers, a Full Flush and a clean-up, sold to Bonham. J997 is very, very hard to part with. Her mating to the popular Golden Child is exciting.
- Bred AI 6/28/2006 to GOLDEN CHILD. Ultrasounded safe to AI, due 4/06/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

902

CALVED: 1999 • Black

SIRE: High Octane 14P

DAM: Angus 002

- As some of you know, we have purchased Maynard Stock's cow herd. 902 is our pick of those cows. She is very complete, smooth made and a tremendous donor candidate. We bred her to Texhoma for a great replacement female.
- Pasture exposed 6/29/2006 to 8/12/2006 to TEXHOMA. Safe in calf.

130 Red

CALVED: 4/16/1998 • MaineTainer

SIRE: The Witch Doctor (Power Plant x LLND Ashley)

DAM:

- This Witch Doctor daughter is a hard one to let go. She was shown very successfully, winning champion or reserve many times and Reserve Champion Maine-Tainer at the junior show in Texas. She works great with Heat Wave and Heat Seeker. This cow has a lot of life left in her and will continue to make money.
- Bred AI 5/26/2006 to HEAT WAVE. Pasture exposed 6/10/2006 to 8/06/2006 to an Ice Pick son. Too close to call.

924

CALVED: 1999 • Black/white-face

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: K- Angus

- This K-Bar Meyer cow has produced many sale calves, including a \$4,200 Heat Wave heifer selected by Dave Guyer. We feel these long fronted, attractive Meyer daughters are a perfect mating for Heat Wave and his sons.
- Bred AI 7/12/2006 to TIDAL WAVE. Ultrasounded safe to AI, due 4/20/2007. Pasture exposed 7/13/2006 to 8/11/2006 to SMOKE SIGNAL.

Lot 9

Lot 10

042

CALVED: 2000 • Black/blaze-face
SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
DAM: K- Angus

- This is a special lot! 042 is really big bodied and an easy keeper. She is the kind we like having around. It is hard to part with a Meyer cow like this, but we have kept two replacement heifers out of her and have decided to part with her. There is no limit to what this cow can do for you.
- Bred AI 6/14/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 3/23/2007. Pasture exposed 6/16/2006 to 8/23/2006 to DSUL FULL OF 602.

920 White

CALVED: 3/1999 • Black/blaze-face
SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
DAM: Angus

- 920 is everything you look for in a Meyer daughter. We think this could be a very exciting mating to Alias.
- Bred AI 5/26/2006 to ALIAS. Ultrasounded safe to AI, due 3/05/2007. Pasture exposed 5/30/2006 to 7/30/2006 to a Draft Pick son.

901

CALVED: 1999 • Black
SIRE: Redi-Mix
DAM: Angus

- Here is a good Maynard Stock cow. 901 is a big bodied, moderate framed female that produced a \$5,000 steer purchased by Tim Burke in our fall sale this year. It is hard to part with this cow bred to Smoke Signal.
- Bred AI 7/11/2006 to SMOKE SIGNAL and pasture exposed to same. Ultrasounded safe to AI, due 4/19/2007.

139 White

CALVED: 3/1999 • Black MaineTainer
SIRE: Habanero (Pistol Pete x Power Plant)
DAM: Chiangus

- 139 has had a Heat Wave calf in Swanson's sale for the last three years, including a \$17,000 Heat Wave in 2004.
- Bred AI 6/08/2006 to HEAT WAVE. Ultrasounded safe to AI, due 3/18/2007. Pasture exposed 6/24/2006 to 8/06/2006 to DAD GUM.

J935

CALVED: Spring 1999 • Black
SIRE: Cigar (by The Witch Doctor)
DAM: E519 (Maine-cross)

- J935 is one of our very best Cigar cows. This very clean fronted, attractive female is really hard to part with. Heat Wave works well on her.
- Bred AI 6/25/2006 to HEAT WAVE. Ultrasounded safe to AI, due 4/03/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

017 Red

CALVED: 4/2000
SIRE: OCC Anchor 771A (Angus by DHD Traveler 6807)
DAM: Angus

- It's always hard to let go of a good Anchor cow, and this one is no exception. Anchor daughters are easy keeping and breed back consistently. This is an exciting mating.
- Bred AI 6/19/2006 to PADDY O'MALLY. Ultrasounded safe to AI, due 3/11/2007. Pasture exposed 6/20/2006 to 8/23/2006 to Meyer 734 sons.

Lot 15

This heifer shown by Austin Trueblood was the 2003 Ohio High Point Heifer. Her dam sells as Lot 18.

Lot 18

154

CALVED: 2001 • Black/blaze-face
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: Angus

- We think this Meyer daughter could be one of our best. She was purchased in an Exposure Sale as a bred heifer and has had replacement or sale calves every year since. 154 could be as good a donor cow as will sell for a while. We expect her to have a great calf by Heat Wave.
- Bred AI 6/26/2006 to HEAT WAVE. Ultrasounded safe to AI, due 4/04/2007. Pasture exposed 6/29/2006 to 8/11/2006 to SMOKE SIGNAL.

DSUL Meyer 83F

CALVED: 1996 • Black/blaze-face
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: 83 McGowan (Maine-Angus)

- We wanted to offer some proven donors in this sale that flat work. 83F is a hoss. You will not find one with more rib shape or bone or that is any more proven. A Heat Seeker daughter sold as a bred heifer in the 2005 Sweetheart Sale for \$10,000. Another Heat Seeker daughter was the 2003 Ohio High Point Heifer for Austin Trueblood and went on to produce the AI sire Neon. 83F sells bred to what could be the best mating yet—Wave On Wave. Plus, we think her Smoke Signal calves will be incredible. If you're looking for a great, proven donor, here she is.
- Bred AI 6/08/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 3/15/2007. Pasture exposed 6/09/2006 to 8/23/2006 to DSUL FULL OF 602.

LOT 18A: Three frozen embryos by DSUL SMOKE SIGNAL.

J356

CALVED: Spring 1999 • Black/white-face
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: Angus-cross

- Another direct Meyer daughter, J356 does a good job. She has a very outstanding Southern Comfort heifer in our replacement pen. A really good cow here.
- Bred AI 7/07/2006 to SUN SEEKER. Ultrasounded safe to AI, due 4/15/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

142 Red

CALVED: 4/2000 • Black
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: Angus

- This cow has produced a sale calf every year. She consistently hits her AI date and does a great job with her calf.
- Bred AI 7/04/2006 to HANNIBAL. Ultrasounded safe to AI, due 4/13/2007. Pasture exposed 7/05/2006 to 8/23/2006 to Meyer 734 sons.

010

CALVED: 2000 • Red
 SIRE: High Octane 354
 DAM: 727 Angus (by EXT)

- Here is a good red cow that came from the Maynard Stock herd. The High Octane daughters have been some of his best producers. 010 is long fronted and good bodied with great hair. Her calf by White Warrior could be awesome.
- Pasture exposed 6/29/2006 to 8/11/2006 to WHITE WARRIOR.

2139 Red

CALVED: 3/2002 • Black MaineTainer
 SIRE: Chill Factor (Cunia x Ms Coldfront 2066)
 DAM: Angus (by EXT)

- We know we shouldn't be letting these Chill Factor daughters go. They work!
- Bred AI 5/26/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/05/2007. Pasture exposed 5/30/2006 to 7/30/2006 to a Draft Pick son.

Bred Cows

985

CALVED: 1999 • Black/white-face

SIRE: Meyer 734 son

DAM: Maine-Angus

- This Meyer granddaughter has been a consistent producer. Several of her calves have sold in our fall sales. This cow works well to Full Flush sons, and Money Talks should be no different.
- Bred AI 7/02/2006 to MONEY TALKS. Ultrasounded safe to AI, due 4/10/2007. Pasture exposed 7/04/2006 to 8/11/2006 to TIDAL WAVE.

8177

CALVED: Spring 2000 • Black

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Angus-cross

- 8177 is a Meyer 734 daughter purchased from Christensons. She had a high selling Mossy Oak daughter in our 2005 pasture sale, and this year's Mossy Oak daughter will be in next year's sale.
- Bred AI 7/06/2006 to SUN SEEKER. Ultrasounded safe to AI, due 4/14/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

8276

CALVED: Spring 2000 • Black/white-face

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Angus-cross

- 8276 has been a very good producer, with several of her calves selling in our fall pasture sales. This is the first time she has been mated to Wave On Wave, which should be an outstanding combination.
- Bred AI 6/30/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 4/08/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

DSUL Meyer 976

CALVED: 1999 • Black/blaze-face

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: 976 (Maine-Angus)

- This Meyer 734 daughter is a top producer and one that will make money for her new owner. Her last year's Lifeline daughter is in the open pen and will be a high-light in next year's Dakota Classic. We think Full of 602 will really click here. Should be one hairy dude!
- Pasture exposed 6/06/2006 to 8/23/2006 to DSUL FULL OF 602. Safe in calf, due in March.

33 Red

CALVED: 4/06/1999 • Black MaineTainer

SIRE: OCC Anchor 771A (Angus by DHD Traveler 6807)

DAM: Maine-cross (DMCC Polleroid 29A x Special Effect)

- The 33 cow does a great job year after year. She has consistently had red calves. Radioactive could prove to be a perfect mating.
- Bred AI 6/23/2006 to RADIOACTIVE. Ultrasounded safe to AI, due 4/02/2007. Pasture exposed 6/24/2006 to 8/23/2006 to Meyer 734 sons.

0817

CALVED: 2000 • Black/blaze-face

SIRE: LLND Houdini (Power Plant x LLND Ashley)

DAM: Sim-cross (by Meyer 734)

- Here is a big, stout Houdini x Meyer from the K-Bar herd. We love our Houdini daughters and think this is one of our best. She is extremely big boned and cool necked. This is the type of female that we think works great to Heat Wave.
- Bred AI 6/06/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 3/15/2007. Pasture exposed 6/08/2006 to 8/11/2006 to WHITE WARRIOR.

KB/DSUL Britches 981

CALVED: 1999 • Black/brockle-face

SIRE: Whiplash (Meyer 734 x Cunia)

DAM: Britches (Cunia x Angus)

- This is a stout cow with royal breeding. Her dam is as popular as they get and flat good. Britches 981 had a bull calf by New Design that sold for \$3,500 and was as stout an Angus-sired bull as you would find. We think her smokey calf by Smoke Signal can pay a lot of bills.
- Bred AI 6/24/2006 to SMOKE SIGNAL and pasture exposed to same. Ultrasounded safe to AI, due 3/21/2007.

L13

CALVED: 2001 • Black/brockle-face
SIRE: Angus
DAM: SimAngus (by Meyer 734)

- If you are looking for a super stout cow, L13 is for you. We purchased her from Roger Hainy and have kept her last two calves for replacement heifers. We feel you will have to put on a lot of miles to find a more powerful female. Her mating to Wave On Wave could be the real deal.
- **Bred AI 6/16/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 3/25/2007. Pasture exposed 6/19/2006 to 8/12/2006 to TEXHOMA.**

324

CALVED: 2003
SIRE: Java Son (Draft Pick grandson)
DAM: SimAngus

- This young cow has a lot of future. The Java Son daughters are making some great cows.
- **Bred AI 7/06/2006 to HELTER SKELTER. Ultrasounded safe to AI, due 4/14/2007. Pasture exposed 7/07/2006 to 8/12/2006 to TEXHOMA.**

L198

CALVED: Fall 2001 • Black
SIRE: NFL (DJ Caesar x Draft Pick)
DAM: Angus

- L198 is a deep, stout female that has raised several good calves.
- **Bred AI 7/16/2006 to HELTER SKELTER. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls. Ultrasounded safe to pasture exposure.**

J925

CALVED: Spring 1999 • Black/white-face
SIRE: Cigar (by The Witch Doctor)
DAM: F630 (EXT x D408, Mid Iowa daughter)

- Several calves in our fall pasture sales have been produced by this Cigar daughter. She has done a good job for us and will continue to for you.
- **Bred AI 6/25/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 4/03/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.**

2193 Blue

CALVED: 3/2002 • Black
SIRE: Full Flush (Full Throttle x Power Plant/Buck)
DAM: SimAngus

- Here is a great opportunity to purchase a mating that truly works. Heat Wave on Flush cows makes club calves.
- **Bred AI 6/16/2006 to HEAT WAVE. Ultrasounded safe to AI, due 3/26/2007. Pasture exposed 6/17/2006 to 8/23/2006 to Meyer 734 sons.**

06 Red

CALVED: 4/2000 • Black
SIRE: OCC Anchor 771A (Angus by DHD Traveler 6807)
DAM: Commercial Angus

- **Bred AI 6/20/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/31/2007. Pasture exposed 6/21/2006 to 8/23/2006 to Meyer 734 sons.**

Lot 34

Lot 37

070

CALVED: 2000 • Black/brockle-face
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: K- Angus

- We were extremely fortunate to purchase some K-Bar cows a few years ago. 070 is a Meyer daughter that has done a lot of good for us. We have sold her calves to Swanson, Bonham and McKenzie the last few years. Her mating to Sun Seeker could be her best yet.
- Bred AI 6/09/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/18/2007. Pasture exposed 6/12/2006 to 8/09/2006 to SMOKE SIGNAL.

L197

CALVED: Fall 2001 • Black
 SIRE: Indian Charlie
 DAM: Crossbred

- L197 is a very cool made, great profiling cow. This mating to Tidal Wave should be a good one. A daughter sells as Lot 120.
- Bred AI 7/07/2006 to TIDAL WAVE. Ultrasounded safe to AI, due 4/15/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

0101

CALVED: 2000 • Black
 SIRE: Lash
 DAM: Angus

- This Lash daughter came from Brooks Shepard's herd. She is a consistent producer that you can count on every year.
- Pasture exposed 6/07/2006 to 8/11/2006 to WHITE WARRIOR.

151 Purple

CALVED: 3/2003 • Black
 SIRE: Who Made Who (Take Charge x Glitter 'n Gold)
 DAM: Meyer 734

- This young cow could be the best in our offering. She is hairy and great fronted. Her Sun Seeker calf should be exciting.
- Bred AI 6/06/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/16/2007. Pasture exposed 6/24/2006 to 8/23/2006 to Meyer 734 sons.

168

CALVED: 2001 • Black
 SIRE: Aftershock
 DAM: Angus

- This is a moderate framed Aftershock daughter in a neat package. She came from Josh Odean in Wyoming. These good Aftershock females are hard to come by. Here is an opportunity to purchase one bred to the popular Sun Seeker.
- Bred AI 5/30/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/08/2007. Pasture exposed 6/08/2006 to 8/11/2006 to WHITE WARRIOR.

3504 Blue

CALVED: 3/2003 • Black
 SIRE: Sim-cross (by Buck)
 DAM: Angus

- Bred AI 5/26/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/05/2007. Pasture exposed 6/07/2006 to 8/23/2006 to Meyer 734 sons.

Lot 40

Lot 43

MPJ 466

CALVED: 4/2004 • Black/white socks MaineTainer
 SIRE: BK Ice Pick (Maine)
 DAM: Maine-cross (Power Plant x Total Play)

- This young Maine-influence cow is bred to Ultimate Chill, a Chill Factor son that we use to make females. He was in our champion pen in Denver. A heifer calf here would be exciting.
- Bred AI 6/16/2006 to ULTIMATE CHILL. Ultrasounded safe to AI, due 3/26/2007. Pasture exposed 6/24/2006 to 8/23/2006 to Meyer 734 sons.

909

CALVED: 1999 • Black/white-face
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: K- Angus

- Here is a super cool K-Bar Meyer that we think can have a great Sun Seeker.
- Bred AI 7/07/2006 to SUN SEEKER. Ultrasounded safe to AI, due 4/15/2007. Pasture exposed 7/12/2006 to 8/16/2006 to RSVP.

8-75

CALVED: 1998 • Black/white-face
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: K- Angus

- This Meyer daughter from the K-Bar herd has been a good producer for us. She has produced many calves in our fall sales, including a \$5,000 Armageddon son.
- Bred AI 6/20/2006 to SUN SEEKER. Ultrasounded safe to AI, due 3/29/2007. Pasture exposed 6/23/2006 to 8/11/2006 to WHITE WARRIOR.

J936

CALVED: Spring 1999 • Black
 SIRE: Cigar (by The Witch Doctor)
 DAM: F625 (6807 x D413, Meyer)

- A little larger Cigar daughter that is big bodied and powerful, J936 is safe in calf to OCC Just Right. A daughter sells as Lot 147.
- Bred AI 7/13/2006 to OCC JUST RIGHT. Ultrasounded safe to AI, due 4/21/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

624

CALVED: 1996
 SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
 DAM: K- Angus

- This K-Bar Meyer is a good, honest cow. When we ultrasounded, she was ten days off her AI date, but we don't think you can go wrong with a Sun Seeker or a White Warrior calf.
- Bred AI 6/05/2006 to SUN SEEKER. Pasture exposed 6/07/2006 to 8/11/2006 to WHITE WARRIOR. Too close to call.

17 Red

CALVED: 3/2001 • Black
 SIRE: McCarney (Meyer 734 x Power Plant)
 DAM: Angus

- The McCarney cows work great.
- Bred AI 6/19/2006 to CUNIA 602. Ultrasounded safe to AI, due 3/29/2007. Pasture exposed 6/20/2006 to 8/23/2006 to Meyer 734 sons.

Lot 46

*Proven Donors
with embryos*

Lot 47

DSUL/K-Bar Meyer 418

CALVED: 1994 • Black/blaze-face

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: K-Bar 18 (Angus)

- Yes, we are selling one of our best! Many top Meyer 734 daughters make their home at Sullivan Ranch, and here is one that we'll bet is unlike any you've seen before. 418 has produced more than one \$10,000 steer. She flushes very well and has put a lot of eggs in the tank, so we feel it is time for someone else to reap some benefits from this great cow. She has produced up to 28 good eggs in one flush. For more proof of her production ability, check out her daughters selling as Lots 131 and 132, which are full sibs to two of the embryo packages selling.

- Pasture exposed 6/06/2006 to 8/23/2006 to DSUL FULL OF 602. Safe in calf, due approximately 3/21/2007.

LOT 46A: Three frozen embryos by HEAT WAVE.

LOT 46B: Three frozen embryos by HEAT WAVE.

LOT 46C: Three frozen embryos by DSUL TIDAL WAVE.

3C/DSUL Meyer 356

CALVED: 1993 • Black/brockle-face

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: 3C Angus

- Donor 356 is a model female. She flushes well and produces with the best of them. The proof is in her Mossy Oak daughters selling as Lots 133 and 134, full sibs to the embryos below. 356 has produced so many great ones we could write a book on her, including a Reserve San Antonio steer. This could be one of the best buys of the sale.

- Pasture exposed 6/06/2006 to 8/23/2006 to DSUL FULL OF 602. Safe in calf, due approximately 3/21/2007.

LOT 47A: Three frozen embryos by MOSSY OAK.

LOT 47B: Three frozen embryos—two by MOSSY OAK and one by DSUL FULL OF 602.

4502 Purple

CALVED: 3/2004 • Black

SIRE: Meyer 734 son

DAM: Angus

- Bred AI 5/25/2006 to GOLDEN CHILD. Ultrasounded safe to AI, due 3/04/2007. Pasture exposed 5/30/2006 to 7/30/2006 to a TJ son.

11

CALVED: 4/2002 • Black MaineTainer

SIRE: Chill Factor (Cunia x Ms Coldfront 2066)

DAM: Angus

- Bred AI 6/06/2006 to ALMOST FAMOUS. Ultrasounded safe to AI, due 3/16/2007. Pasture exposed 6/24/2006 to 8/06/2006 to DAD GUM.

Lot 50

Lot 53
Daughter

828

CALVED: 2002 • Black/white socks
SIRE: Nash
DAM: Angus

- 828 is a good, young cow that is moderate framed and cool necked and has good body. Her White Warrior calf should be exciting.
- Pasture exposed 6/26/2006 to 8/11/2006 to WHITE WARRIOR.

927

CALVED: 1999 • Black/white-face
SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
DAM: K- Angus

- This K-Bar Meyer is a great producer. She has produced four calves in a row that sold in our fall sale. The heifer pictured is one she raised three years ago that sold for \$5,000 and went to Ohio. We think this mating to Sun Seeker could be her best yet.
- Bred AI 6/28/2006 to SUN SEEKER. Ultrasounded safe to AI, due 4/06/2007. Pasture exposed 6/29/2006 to 8/11/2006 to WHITE WARRIOR.

K1

CALVED: Spring 2000 • Black
SIRE: Maine-cross (by DJ Caesar)
DAM: Crossbred

- K1 is very deep and soggy. Her calves always have more frame than you would expect, so the mating to Heat Wave should work well. Her Armageddon daughter sells as Lot 150.
- Bred AI 7/13/2006 to HEAT WAVE. Ultrasounded safe to AI, due 4/21/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

J2

CALVED: Spring 1999 • Black/white-face
SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)
DAM: 51R (Sweet Willie x SimAngus)

- J2 was purchased from Matt Sinkie. She had a good Heat Wave steer in 2005. This mating should once again work.
- Bred AI 7/02/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 4/10/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

K18

CALVED: Spring 2000 • Black
SIRE: Chill Factor (Cunia x Ms Coldfront 2066)
DAM: Angus

- This Chill Factor from Birkland's is a good producer.
- Bred AI 7/07/2006 to HEAT WAVE. Ultrasounded safe to AI, due 4/15/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

K11

CALVED: Spring 2000 • Black
SIRE: Chill Factor (Cunia x Ms Coldfront 2066)
DAM: 4-14 Angus

- K11 was one of the top heifers we purchased from Birkland Brothers in the fall of 2000. The mating to Wave On Wave should be outstanding.
- Bred AI 7/03/2006 to WAVE ON WAVE. Ultrasounded safe to AI, due 4/11/2007. Pasture exposed 7/23/2006 to 8/31/2006 to Maine- or Sim-cross bulls.

Bred Cows

043

CALVED: 2000 • Red/white
SIRE: Shorthorn-cross
DAM: Charolais-cross

- Here is a big bodied Shorthorn-cross cow. We have used 043 to add some extra power to the popular Shorthorn-marked calves. Her mating to White Warrior has us excited.
- Bred AI 6/29/2006 to WHITE WARRIOR and pasture exposed to same. Ultrasounded safe to AI, due 4/07/2007.

017

CALVED: 2000 • Red
SIRE: Maine
DAM: Angus

- Here is a good red cow that we have sold a \$6,000 Double Vision steer out of. We like mating these red Maine cows to Shorthorn bulls. She was too close to call on ultrasound between Radioactive and Smoke Signal, but we feel you can't go wrong either way.
- Bred AI 7/03/2006 to RADIOACTIVE. Pasture exposed 7/04/2006 to 8/09/2006 to SMOKE SIGNAL. Too close to call.

0351

CALVED: 2000
SIRE: Charolais
DAM: Angus

- 0351 is a Charolais cow that has worked well to Full Flush. We think this mating to Smoke Signal could be the real deal.
- Pasture exposed 6/06/2006 to 8/09/2006 to SMOKE SIGNAL.

09 Red

CALVED: 3/2000
SIRE: The Witch Doctor (Power Plant x LLND Ashley)
DAM: Angus

- Bred AI 5/26/2006 to SUN SEEKER. Pasture exposed 5/30/2006 to 7/30/2006 to a Draft Pick son. Too close to call.

1137 Red

CALVED: 4/2001 • Black MaineTainer
SIRE: Calberta Hustler (Maine)
DAM: Angus

- Bred AI 6/13/2006 to ROCK STAR. Ultrasounded safe to AI, due 2/23/2007. Pasture exposed 6/20/2006 to 8/23/2006 to Meyer 734 sons.

123 Purple

CALVED: 3/2000
SIRE: BK Ice Pick (Maine)
DAM: Sim-cross (by Meyer 734)

- 123 is put together as nicely as any cow you will find. We think a Hannibal heifer could be really good.
- Bred AI 6/11/2006 to HANNIBAL. Ultrasounded safe to AI, due 3/21/2007. Pasture exposed 6/24/2006 to 8/23/2006 to Meyer 734 sons.

Bred Cows

2194 Blue

CALVED: 3/2002 • Black

SIRE: Full Flush (Full Throttle x Power Plant/Buck)

DAM: SimAngus

- A great young Full Flush cow that came from Brooks Shepard, 2194 had a Final Link calf that was the hairiest calf we've ever seen. She is a proven producer with many years left.
- Bred AI 6/09/2006 to HEAT WAVE. Pasture exposed 6/10/2006 to 8/23/2006 to Meyer 734 sons. Ultrasounded safe to pasture exposure.

135 Red

CALVED: 1993 • Angus

SIRE: DHD Traveler 6807 (Angus)

DAM: Jauer Angus

- This 6807 daughter has put a lot of replacement heifers in our herd. A Cunia 602 could be her best.
- Bred AI 6/23/2006 to CUNIA 602. Ultrasounded safe to AI, due 4/02/2007. Pasture exposed 6/24/2006 to 8/06/2006 to DAD GUM.

143 Red

CALVED: 3/1994 • Angus

SIRE: Travellodge (Angus)

DAM: Angus

- This good producing Angus cow has been with us a long time because she works. Paddy O'Mally worked great for us last year on Angus cows and should work here.
- Bred AI 5/31/2006 to PADDY O'MALLY. Ultrasounded safe to AI, due 3/10/2007. Pasture exposed 6/24/2006 to 8/23/2006 to Meyer 734 sons.

950 White

CALVED: 3/1999 • Black

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Angus

- 950 is a consistent producer. She has worked well to Heat Wave and will do it again this year.
- Bred AI 5/25/2006 to HEAT WAVE. Pasture exposed 5/30/2006 to 7/30/2006 to a TJ son. Too close to call.

0121 Blue

CALVED: 3/2000 • Black

SIRE: Sim-cross

DAM: Maine-Angus

- Bred AI 6/24/2006 to RADIOACTIVE. Pasture exposed 6/25/2006 to 8/23/2006 to Meyer 734 sons. Ultrasounded safe to pasture exposure.

133 Red

CALVED: 2/28/1999 • Maine

SIRE: Energizer (JF War Chief x Dukes Marvella)

DAM: MAP Concord 18E

- Bred AI 6/13/2006 to ROCK STAR. Ultrasounded safe to AI, due 3/23/2007. Pasture exposed 6/20/2006 to 8/23/2006 to Meyer 734 sons.

MPJ 465

CALVED: 4/2004 • Black/white socks MaineTainer

SIRE: BK Ice Pick (Maine)

DAM: Maine-cross (Power Plant x Total Play)

- Bred AI 5/25/2006 to LEXUS. Pasture exposed 5/30/2006 to 7/30/2006 to a TJ x 6807 son. Ultrasounded safe to pasture exposure.

311

CALVED: 2003

SIRE: Java Son (Draft Pick grandson)

DAM: Maine-Angus

- The Java Son females are making great cows. They are moderate framed and easy fleshing. This good, young cow will work well with Hannibal.
- Bred AI 6/29/2006 to HANNIBAL. Ultrasounded safe to AI, due 4/07/2007. Pasture exposed 7/04/2006 to 8/11/2006 to SMOKE SIGNAL.

L8

CALVED: Spring 2001 • Black

SIRE: Meyer 734 son

DAM: 44/5 (Maine-cross)

- A Meyer 734 granddaughter bred to Dan Sullivan's Heat Wave son should be a good mating.
- Bred AI 6/23/2006 to TIDAL WAVE. Ultrasounded safe to AI, due 4/01/2007. Pasture exposed 7/23/2006 to 8/01/2006 to Maine- or Sim-cross bulls.

Bred Heifers

... Lots 71-168

Darla

Lot 71

R536

CALVED: 3/06/2005 • Black
SIRE: Northern Improvement (Angus)
DAM: N2 (Texhoma x G8 Anchor x Maine)

- Robbie wanted us to put one of our very best heifers in the sale, and here she is! Big boned and full of power, R536 is a maternal powerhouse. Northern Improvement daughters are raising the standard, producing many winning steers. Her dam is by Robbie's Chill Factor son that has been doing a great job maternally. R536 has very fuzzy ears. Look her up sale day—you won't be disappointed.
- **Bred AI 5/26/2006 to OCC MACHINIST. Ultrasounded safe to AI, due 3/03/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.**

R45

CALVED: 4/09/2005 • Black/white
SIRE: Hot Mail
DAM: 360 (SimAngus)

- If you like them powerful, check out this Hot Mail daughter. She is huge boned and very large bodied. Her offspring should be very powerful as well.
- **Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.**

R13

CALVED: Spring 2005 • Charolais-cross
SIRE: Charolais
DAM: 369 (Crossbred)

- This caramel-colored heifer is one we had planned on keeping. She is big bodied and stout. If you are looking for Charolais-colored females, check this heifer out sale day.
- **Bred AI 5/25/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.**

5046P

CALVED: 3/2005 • Black MaineTainer
SIRE: Irish Whiskey (Ice Pick x Ever Ready)
DAM: 025 Angus (by OCC Anchor)

- This Irish Whiskey daughter is as stout as they come. She is out of the 025 donor cow—one of the best Anchor daughters we have ever found. We expect great things from this Whiskey daughter.
- **Bred AI 5/28/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/05/2007. Pasture exposed to WK NEW DESIGN.**

R49

CALVED: 4/09/2005
SIRE: Hot Mail
DAM: 487 (Sim x Angus x Who)

- This stout, hairy Hot Mail daughter should have great value for club calf production.
- **Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son. Ultrasounded safe to pasture exposure.**

R14

CALVED: Spring 2005 • Charolais-cross
SIRE: Charolais
DAM: 271 (Crossbred)

- Another outstanding Charolais-cross female, R14 is really deep and sappy.
- **Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull. Safe in calf, due mid-March.**

Lot 77

Smoke Signal

Full brother to Lot 78; maternal brother to Lots 77 and 79

*Buyer's
Choice*

Lot 78

Calamity Jane 829 Dam of Lots 77 through 79

DSUL Honey Bee 5829

CALVED: Spring 2005 • Charolais-cross

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Calamity Jane 829 (Charolais)

- Honey Bee is a maternal sister to Smoke Signal, Outlaw and our \$16,500 bred heifer. She is a direct Meyer 734 daughter out of Calamity Jane—the only one in existence. We sold a full brother in our Genetic Progress Sale for \$5,500. Of the 200 heifers we weaned last year, we have put our top 40 in this sale; nothing has been held back. From day one, Honey Bee has been a favorite with all her power, bone, body and femininity. Her value is unlimited, and she will be worth more everyday. You just don't see a smokey Meyer 734 bred like this or look like this—they're not around.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.
- Selling choice between 5829 and 529, Lot 78.

DSUL Sasha 529

CALVED: Spring 2005 • Charolais-cross

SIRE: Full Flush (Full Throttle x Power Plant/Buck)

DAM: Calamity Jane 829 (Charolais)

- Wow! A full sister to Smoke Signal and the \$16,500 high selling bred heifer of the Genetic Progress Sale in May 2006. They keep getting better and add more proof of just how consistent and predictable their dam, Calamity Jane, really is. We think this is the best one yet and by far the biggest bodied, stoutest, thickest and hairiest one yet. The smokey thing is hot. Don't pass up a chance to own genetics of the most popular Charolais donor to hit the club calf industry. There aren't going to be many more opportunities. This kind will make money.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.
- Selling choice between 529 or 5829, Lot 77.

DSUL Annie Oakley 582

CALVED: Spring 2005 • Charolais-cross

SIRE: Mossy Oak (Full Flush x Cunia)

DAM: Calamity Jane 829 (Charolais)

- The trio of Calamity Jane daughters selling is just plain awesome. Each calf Calamity Jane has produced has highlighted our sales. She is a machine, and her progeny are taking over the smokey club calf arena. Annie Oakley is as good as her sisters. It's almost impossible to pick out which is the best. You will not find one with more power, bone, hair, cool front and yet sound and smooth. Look her up.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.

44

CALVED: 2005 • Black

SIRE: Cowboy Cut

DAM: Angus

- 44 is a Cowboy Cut daughter that we selected from Ron Bruns' bid sale. We think highly of her and are excited to hear what you think.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

Lot 81

R579

CALVED: 4/12/2005 • Black

SIRE: Mossy Oak (Full Flush x Cunia)

DAM: K006 (OCC Anchor x E538, Pistol Pete)

- R579 is a very nice heifer. Her Anchor dam is one of our best. This is one of the best heifers in the sale.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

Lot 82

R574

CALVED: 4/28/2005 • Black

SIRE: Cowboy Cut

DAM: J904 (Meyer 734 x B244 Angus-cross)

- Really cool and square hipped, this heifer is by Griswold's Cowboy Cut. She should make an outstanding cow. Heat Wave should work well on this female. R574 is very hard to part with.
- Bred AI 5/25/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.

BL/DSUL Nelly 5822

CALVED: Spring 2005 • Red/white

SIRE: Rock Star (Heat Wave x PS Power Play)

DAM: 822 Meyer (Meyer 734 x Maine-Angus)

- Whoa, Nelly! You aren't going to find them any better than this girl. More flank, body, bone and thickness than you'll ever need. Shorthorn boys, take note: if this girl can't raise you a Shorthorn steer, what can? Sorry we didn't get a picture of this female, but look her up sale day—you will be impressed. If not for selling all our top spring bred heifers, Nelly would not be in this sale.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.

R569

CALVED: 4/15/2005 • Black

SIRE: Friction

DAM: J934 (Chill Factor x 609 Angus)

- A very long fronted, cool made female, this Friction daughter should work well with Heat Seeker bloodlines.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.

BH/DSUL Red Heat 5450

CALVED: Spring 2005 • Red/blaze-face

SIRE: Heat Wave (Heat Seeker x Maine-cross)

DAM: Hines 450 (SimAngus)

- This is a gorgeous, dark cherry red/blaze-faced heifer that's really good. She has all the bone, hair, thickness and power to raise the great ones. We think she is going to be really unique. Breed her to black, Shorthorn, Hereford or even smokey and sit back and ride the ride. Heat Wave daughters are getting it done, and we think Red Heat is at the top of her class.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.

R523

CALVED: 2/27/2005 • Black

SIRE: Grizz (Goldspur 8 Million x GCC Imprintessa 6065)

DAM: N356 (Imprint x C18, Maine-cross)

- This Grizz daughter is hairy and is out of a very good young Imprint daughter.
- Bred AI 5/24/2006 to OCC MACHINIST. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull. Ultrasounded safe to pasture exposure.

7

CALVED: 2005 • Black

SIRE: Maximus

DAM: Angus

- Here is a super cool Maximus daughter. She is just a little behind in her condition, but make sure you don't overlook her sale day.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

Lot 88

Northern Improvement
Several of the bred heifers selling carry the service of this purebred Angus calving ease sire.

Lot 91

R60

CALVED: 3/22/2005 • Black/white
SIRE: 24-7 (Irish Whiskey)
DAM: L26 (Sim-cross)

- This powerful black-and-white heifer is clean fronted and cool looking. She should mate well with a variety of sires. Check her out on sale day.
- Bred AI 5/17/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 2/23/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R568

CALVED: 4/18/2005 • Black
SIRE: Mossy Oak (Full Flush x Cunia)
DAM: H822 (Traveler 7111 x E535, PB Simmental)

- Make sure you look this one over. R568 is very thick, deep and cool fronted. Her dam, H822, produced our high selling steer that Joe Manning in Iowa showed a few years back.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R541

CALVED: Spring 2005 • Black
SIRE: Frosty (Epinal x Draft Pick daughter)
DAM: K012 (Cactus x F617)

- R541 is big bodied and clean fronted. This Frosty daughter should make a good cow.
- Bred AI 5/25/2006 to OCC JUST RIGHT. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R46

CALVED: 4/04/2005 • Black
SIRE: Heat Wave (Heat Seeker x Maine-cross)
DAM: 429 (SimAngus)

- R46 is a very deep bodied Heat Wave daughter. She should make a good cow.
- Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

R42

CALVED: 4/09/2005 • Black
SIRE: Hot Mail
DAM: 459 (Sim-cross x Flashback)

- A stout Hot Mail daughter, R42 should be a positive addition to your cow herd.
- Bred AI 5/20/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 2/26/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

R542

CALVED: 4/12/2005 • Black
SIRE: Frosty (Epinal x Draft Pick daughter)
DAM: K011 (Chill Factor x 135)

- R542 is a moderate framed Frosty daughter that has a nice profile and lots of hair. She should be a good addition to your herd.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.

602G Chill Factor
Dam of Lot 94;
grandam of Lot 95

Reserve Supreme Champion Female, 2005 San Antonio Stock Show. Full sister to Lot 94.

Lot 94

Lot 96

DSUL 602 Treasure

CALVED: Spring 2005 • Black

SIRE: Full Flush (Full Throttle x Power Plant/Buck)

DAM: 602G Chill Factor (Chill Factor x GK/Mimms 602 Angus)

- You just found your pot of gold! I never thought I'd sell another Full Flush x 602G Chill Factor daughter. Their popularity hasn't let me keep too many. I promised my best, and that is what I brought. One could write a book on how successful this mating is. The Full Flush x 602G females get more popular and more valuable every day. Every one of them out-produces herself and demands high dollars on their calves. One full sister sold for over \$50,000, another produced over \$100,000 in progeny sales in one flush, and another was Reserve Supreme Champion Female in San Antonio in 2005, defeating 2400 heifers. Get one while you can. Opportunities will be very limited in the future, and she'll be worth more with time. History has proven that.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.
- Selling one-half interest with the option to double the bid and take all. If buyer takes all, seller reserves the right to collect ten embryos from 5418 at our expense and the buyer's convenience.

DSUL Victoria 52602

CALVED: Spring 2005 • Black

SIRE: Tazz (Cunia x MBC Magic)

DAM: DSUL Holly 2602 (Full Flush x 602G Chill Factor)

- Sorry we didn't get a picture of Victoria, but she'll be easy to find sale day. This Tazz daughter is a rare treat (double-bred Cunia) that is loaded with quality and backed by the best genetics in the club calf business. Her dam is as good a Full Flush x 602G as walks, and we all know how much that says. The 602G genetics work and produce high dollar cattle that win. We really hate to see this one go, and only because we are offering our top spring bred heifers is she selling. Victoria will write a book of her own.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

DSUL Roxy 4250

CALVED: Fall 2004 • Black

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Winfrey 250 (Angus)

- This is a great donor prospect from the deceased Winfrey 250 donor. 250 was one of our best sources of maternal quality. We are reluctant to share these three daughters with you, but we know they will go on to make great females for their owners and happy customers for us. Roxy is especially exciting due to her rare combination of stoutness and femininity with absolutely no holes. Help yourself!
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

DSUL Roxanne 5250

CALVED: Spring 2005 • Black

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Winfrey 250 (Angus)

- Roxanne is one of three full sisters out of the never-miss Winfrey 250 donor. These females will out-produce themselves every time. If you are interested in proven cow families that work, look up these three sisters. All three are bred for a quick return and possibly a smokey calf. We like this mating!
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

DSUL Rachel 520

CALVED: Spring 2005 • Black

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Winfrey 250 (Angus)

- You will not go wrong with Rachel, one of the last Winfrey 250 daughters ever to sell. 250 put more bone, body and look in her Meyer females than most. You won't see many more of these for sale. We highly recommend each of these full sisters.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

Lot 99

R48

CALVED: 4/13/2005

SIRE: Hot Mail

DAM: 119 (by Meyer 734)

- This powerful Hot Mail daughter is extremely cool and clean in her design. The Meyer influence on the dam's side is a plus maternally. R48's killer look should pass on to her offspring.
- Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

5076 Purple

CALVED: 3/2005 • Black

SIRE: Mossy Oak (Full Flush x Cunia)

DAM: Fame

- Bred AI 5/27/2006 to VEGAS (Angus). Ultrasounded safe to AI, due 3/04/2007. Pasture exposed to WK NEW DESIGN.

DSUL Little Cunia 518

CALVED: Spring 2005 • Black/blaze-face

SIRE: DSUL CunSadia (Cunia x Sadie 634F, Foreplay-Angus)

DAM: Wagonhammer Smoke 18 (Meyer 734 son x Charolais)

- We have a great set of smokey Charolais donors, and Wagonhammer 18 is as good as it gets. If you have seen her, you know what we are bragging about. This is her first calf; her second sold in our September sale for \$4,000. Wagonhammer 18 caught a lot of eyes that day, and we think Little Cunia 518 will be a great breeding piece—breeding for the purple. This is a good cow family to tie into.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

DSUL Easy Girl 5030

CALVED: Spring 2005 • Black

SIRE: MJT Easy (Elmo x The Witch Doctor)

DAM: Sieck 030 (Hostage x SimAngus)

- We like our Easy daughters and the maternal ability they project. We think they will mate really well with a lot of the club calf sires being promoted today.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Was It Me 5183

CALVED: Spring 2005 • Black/white-face

SIRE: Wasn't Me (MaineTainer x Dakota 30, by Reflector)

DAM: Angus 183

- This beautiful young baldy female is just getting ready to make her mark. Think what a smokey calf out of her would be worth.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

DSUL 527

CALVED: Spring 2005 • Black

SIRE: Mossy Oak (Full Flush x Cunia)

DAM: 527 (Meyer 734 x Angus)

- A super feminine heifer with a stacked pedigree, 527 is bred right to hit the jackpot. Have fun!
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

R1

CALVED: 3/29/2005 • Black

SIRE: Southern Comfort (The Witch Doctor x Longshot)

DAM: C15 Angus

- This is one we should be keeping. There will not be many of the Southern Comfort daughters for sale. R1 is a truly complete female.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.

R51

CALVED: 4/09/2005 • Black

SIRE: Nash son (Nash x Meyer 734)

DAM: N142 (Black Dice son x 653 Angus)

- R51 is a huge bodied, stout female that is very easy fleshing. These low percentage Maines make great cows.
- Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son. Ultrasounded safe in calf, due late March.

R54

CALVED: 4/10/2005 • Black

SIRE: Cigar son

DAM: L44 (Red Angus x 176 Databank)

- R54 is a clean made heifer. Her pedigree gives you a variety of mating options.
- Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son. Ultrasounded safe to pasture exposure, due late March.

DSUL Meyer 5269

CALVED: Spring 2005 • Black

SIRE: DSUL Meyer 734 son

DAM: Angus 269

- This girl will make a great momma cow and has the potential to produce something that will make you and the banker very happy. A top Meyer granddaughter.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Meyer's 5422

CALVED: Spring 2005 • Black

SIRE: DSUL Meyer 734 son

DAM: Angus 422 (Commercial Angus)

- This Meyer granddaughter will make quite a nice cow. Her first calf could be a nice smokey one.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

R570

CALVED: 4/29/2005 • Black

SIRE: Frosty (Epinal x Draft Pick daughter)

DAM: E509 (Jetliner x B237, by Buck)

- R570 is by Frosty and out of a Jetliner daughter that produced a \$9,000 Full Flush heifer several years ago.
- Bred AI 5/25/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.

5

CALVED: 2005 • Red

SIRE: Heat Wave (Heat Seeker x Maine-cross)

DAM: Maine-cross (Cunia)

- This red Heat Wave heifer is very attractive. She sells bred to our Jauer Anchor son, which we are very excited about. We had another Heat Wave daughter bred the same way raise a calf that sold in our fall sale for \$5,500 to Blaine Rodgers. We expect excellent results here also.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

Lot 112

Lot 115

5009 Purple

CALVED: 3/2005 • Black

SIRE: Maine

DAM: Angus

- Clubby and cool, this is the kind that makes club calves.
- Bred AI 5/16/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 2/22/2007. Pasture exposed to WK NEW DESIGN.

5114 Purple

CALVED: 3/2005 • Black

SIRE: Live Bait

DAM: 060 (Anchor x Maine)

- We think a lot of this long necked, cool made female. Her dam was a sale feature last year, purchased by Scott James.
- Bred AI 5/16/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 2/22/2007. Pasture exposed to WK NEW DESIGN.

DSUL Little Abby 5713

CALVED: Spring 2005 • Black/blaze-face

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: Abby 713 (Foreplay x Angus)

- Little Abby comes from a proven cow family. Her dam is the stout, freaky, cool Abby 713 donor that made waves. We sold a full sister to Little Abby in the recent Exposure Sale for \$4,950. They all have that same smooth, cool, pretty front, and we think they will mate great with bulls like Heat Wave and Tidal Wave.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

DSUL Tanks Girl 516

CALVED: Spring 2005 • Black/blaze-face

SIRE: Meyer 734 (Mr Black GX 6W x Miss GX 728R)

DAM: DSUL Tank 16B (SimAngus)

- They don't get any better than Meyer 734 x Tank 16B. We have sold many popular full brothers and sisters, including full sisters for \$12,000 and \$6,800 in our 2006 Genetic Progress Sale. Ten bull calves from this mating have averaged over \$3,000. Tanks Girl is a full sister to the grandam of Friction. Tie into the Tank 16B cow family. Everyone who owns them loves them. You'll love this one too!
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

R582

CALVED: 4/07/2005 • Black

SIRE: Full Flush (Full Throttle x Power Plant/Buck)

DAM: K007 (Angus x H17, Meyer 734 x Angus)

- R582 is a nice Full Flush daughter out of an attractive Meyer granddaughter.
- Bred AI 5/24/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

DSUL Tank 16B
Dam of Lot 116

DSUL Outlaw
(Foreplay x Calamity Jane 829)
Service sire on several of the bred heifers.
Maternal brother to Lots 77 through 79.

Lot 117

DSUL Big Momma 44

CALVED: Fall 2004 • **Smokey**
SIRE: Monsoon (NFL x Caffee Flashback)
DAM: Hoo Doo 121 (Hoo Doo Charolais)

- You're going to like this brood cow deluxe out of the great Hoo Doo 121 cow. This smokey girl will get the job done. Check out her volume, bone, thickness and style. This is the kind that will make you money. We love Big Momma and bet she'll be on everyone's list. She will make someone very happy.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.
- Selling one-half interest with the option to double the bid and take all. If buyer takes all, seller reserves the right to collect ten embryos from 5418 at our expense and the buyer's convenience.

R578

CALVED: 4/05/2005 • **Black/white**
SIRE: Frosty (Epinal x Draft Pick daughter)
DAM: M268 (Maine-cross x H899 Maine-cross)

- The Frosty daughters are making great cows. Heat Wave works well on them.
- Bred AI 5/25/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

209

CALVED: 2005 • **Red**
SIRE: Simmental
DAM: Angus

- We really like this red SimAngus heifer. She is very attractive yet still has that body and stoutness that we like.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

R567

CALVED: 4/05/2005 • **Black**
SIRE: Cookie Monster (Full Flush x Meyer 734)
DAM: L197 (Indian Charlie x Maine-cross)

- R567 is a Cookie Monster daughter out of the cool profiled Indian Charlie daughter that sells as Lot 35.
- Bred AI 5/24/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R50

CALVED: 4/09/2005 • **Black**
SIRE: Cowboy Cut
DAM: 88 (Angus x Charolais-Angus)

- R50 is a thick, square-made Cowboy Cut daughter out of a Charolais-influenced dam.
- Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

R41

CALVED: 4/15/2005 • **Black**
SIRE: Sim-cross
DAM: 134 (Crossbred)

- This smaller framed heifer is thick and big bodied.
- Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

DSUL Meyer's 587

CALVED: Spring 2005 • **Black/white-face**
SIRE: DSUL Meyer 734 son
DAM: Angus 587 (Commercial Angus)

- This baldy was one of Rob's favorites from the Nebraska group from day one. Make sure to look her up sale day. One of the best out of 80 head—you be the judge. We are sure she is going to make a great cow.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Meyer's 5481

CALVED: Spring 2005 • **Black/white-face**
SIRE: DSUL Meyer 007 (Meyer 734 x DSUL Angus 3553)
DAM: 481 (Maine-Angus)

- Our Meyer 007 bull has done a great job, and his daughters are making super momma cows. We sold a full sister to 5481 in our Genetic Progress II Sale for \$3,400. With years of production in front of her, 5481 will take you to the bank time after time. You'll like this one more every day you own her.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

Lot 125

Mossy Oak
Eight daughters
sell

Lot 128

R577

CALVED: 4/17/2005 • Black
SIRE: Mossy Oak (Full Flush x Cunia)
DAM: C335 (Buck x W1 Maine-Angus)

- This Mossy Oak heifer is out of one of our best mature cows. C335 had a Full Throttle steer that was champion at the Sioux Empire Farm Show. R577 is hairy, deep and powerful. She has what it takes to be a club calf producer.
- Bred AI 5/24/2006 to NORTHERN IMPROVEMENT 4480 GF. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe to pasture exposure, due late March.

R24

CALVED: Spring 2005 • Charolais
SIRE: Charolais
DAM: 342 (Crossbred)

- This Charolais-cross heifer is deep bodied and should make a nice addition to your cow herd.
- Bred AI 5/18/2006 to OCC LEGEND. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe to pasture exposure, due mid-March.

R563

CALVED: 3/30/2005 • Black/white-face
SIRE: Cookie Monster (Full Flush x Meyer 734)
DAM: D421 (Mid Iowa x B238, by Sky High)

- Good profiled and clean, R563 should make a mating to Heat Wave work.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe to pasture exposure, due late March.

R566

CALVED: 4/11/2005 • Black
SIRE: Heat Wave (Heat Seeker x Maine-cross)
DAM: E519 (Maine-cross x W715 Angus-cross)

- R566 is a smaller framed heifer that is hairy and stout.
- Bred AI 5/24/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R70

CALVED: 4/05/2005 • Black
SIRE: Playmate (Playboy x 3/8 Sim x Angus)
DAM: M49 (Monsoon x Cigar)

- R70 is an attractive Playmate daughter.
- Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe in calf, due late April.

R573

CALVED: 3/26/2005 • Black
SIRE: Frosty (Epinal x Draft Pick daughter)
DAM: M205 (Fortress x K045, by Sandman)

- R573 is a Frosty daughter with a little more frame and a great profile. She is the kind that Heat Wave should work on.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.

3C/DSUL Meyer 356 Dam of Lots 133 and 134; she sells as Lot 47

DSUL/K-Bar Meyer 418 Dam of Lots 131 and 132; she sells as Lot 46

DSUL Libby 5418

CALVED: Spring 2005 • Black

SIRE: Heat Wave (Heat Seeker x Maine-cross)

DAM: Meyer 418 (Meyer 734 x Commercial Angus)

- Here is a great daughter of one of our best donors, Meyer 418, who sells as Lot 46. Libby is a deep, soft, big boned Heat Wave daughter that's going to be a superstar. She is a hottie and a prime example of what Heat Wave can do on Meyer 418. We have plenty of faith in her abilities, and if we had not decided to sell all of our top bred replacements in this sale, we would never let this one go. Take advantage. Full sister sells as Lot 132. Full sib embryos sell as Lots 46A and 46B.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.

DSUL Nataline 5356

CALVED: Spring 2005 • Black/brockle-face

SIRE: Mossy Oak (Full Flush x Cunia)

DAM: 3C/DSUL Meyer 356 (Meyer 734 x 3C Angus)

- These two Mossy Oak x Meyer 356 daughters will catch your attention sale day. They have all the brood cow look of their mom and the cool, pretty front and style of Mossy Oak. We thought about showing this one but never got her in the barn. This young female has a big future and many mating possibilities. She and her sister were some of the hairiest girls in the pasture. Dam sells as Lot 47. Full sister sells as Lot 134. Full sib embryos sell as Lots 47A and 47B.
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

DSUL Lilly 518

CALVED: Spring 2005 • Black

SIRE: Heat Wave (Heat Seeker x Maine-cross)

DAM: Meyer 418 (Meyer 734 x Commercial Angus)

- The ultra-cool, smooth look of Meyer 418 is a mating made in heaven with Heat Wave. This young girl has a world of potential and her whole life to make her new owner nothing but happy. Proven cow families are the key in this business, and it doesn't get any better than this! Dam sells as Lot 46. Full sister sells as Lot 131. Full sib embryos sell as Lots 46A and 46B.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Nadine 536

CALVED: Spring 2005 • Black/brockle-face

SIRE: Mossy Oak (Full Flush x Cunia)

DAM: 3C/DSUL Meyer 356 (Meyer 734 x 3C Angus)

- These two brockle-faced daughters of Meyer 356, who sells as Lot 47, are just cool and stout. They are so much alike you'll have a hard time picking out which one you like better. They are both good and with the power of their mom should hit big time. The consistent quality of this cow family merits your attention. Full sister sells as Lot 133. Full sib embryos sell as Lots 47A and 47B.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

Lot 135

Lot 138

K-Bar Meyer 415
Dam of Lot 137

170

CALVED: 2005 • Charolais
SIRE: Hodne (Charolais)
DAM: Charolais-cross

- The Charolais heifers sired by Hodne were hand picked from Jerry Talsma's herd. 170 is a very attractive female that we expect to be a great mating for Heat Wave down the road.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

DSUL Meyer's 592

CALVED: Spring 2005 • Black/white-face
SIRE: DSUL Meyer 734 son
DAM: 92 Angus (Commercial Angus)

- We are really happy with our Meyer sons we have out in our Nebraska cooperative herds. We put the best ten of 80 daughters in the sale, and we think 592 is right up there with—if not at the top of—the best of them. We have a lot of faith in this girl and think she'll make her new owner lots of money. This is a good one.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Take It Easy 5656

CALVED: Spring 2005 • Black
SIRE: MJT Easy (Elmo x The Witch Doctor)
DAM: 656 Sieck (Black Max x Angus)

- Sit back and "take it easy." She'll get it done.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Meyer's 5485

CALVED: Spring 2005 • Black/white-face
SIRE: DSUL Meyer 734 son
DAM: Angus 485 (Commercial Angus)

- We run eight Meyer 734 sons in a cooperative herd in Nebraska. Those bulls are out of DSUL Tank 16B, Winfrey 250 or 54 Power Plant. We wean 80 open spring heifers every year from these bulls. We took the very top end and featured them in this sale. We are proud of them, so take advantage and reap the benefits.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Kelly 5415

CALVED: Spring 2005 • Black/blaze-face
SIRE: Full Flush (Full Throttle x Power Plant/Buck)
DAM: K-Bar Meyer 415 (Meyer 734 x K-Bar Angus 515)

- This cool girl is out of our all-time favorite Meyer daughter. Meyer 415 was our pick out of the K-Bar herd a few years ago, and she's still as good as any Meyer we've seen. Kelly is a full sister to the reserve steer in Oklahoma City, and we think she has a bright future. Breed her to Heat Wave and roll on.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

DSUL Meyer's 5455

CALVED: Spring 2005 • Black
SIRE: DSUL Meyer 734 son
DAM: Angus 455 (Commercial Angus)

- This big girl has volume and style all in one. 5455 has always had a ton of hair, which she'll pass on to her calves. This one is a money maker.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

Bred Heifers

R537

141

CALVED: 5/14/2005 • Black

SIRE: Maine-cross

DAM: M28 (Nash x I70 Angus)

- We have had very good results with these low percentage Maine females sired by our clean up bulls. This chunky heifer is hairy.
- Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull. Ultrasounded safe in calf, due mid-March.

502

142

CALVED: 2005 • Black/white-face

SIRE: Meyer 734 son

DAM: Angus

- This Meyer granddaughter is cool necked, big bodied and good haired. We really think she has a big future.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.

38

CALVED: 2005 • Red/white

SIRE: Heat Seeker (DeBull x BC Tex Shorthorn 23)

DAM: Charolais

- Here is a cool necked Shorthorn-marked heifer out of a really good Charolais cow.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

R562

CALVED: 2/28/2005 • Black/white-face

SIRE: The Witch Doctor (Power Plant x LLND Ashley)

DAM: N22 (Nuttin' Butt Business x 98E9 Angus)

- This baldy heifer is long bodied and powerful.
- Bred AI 5/25/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R56

CALVED: Spring 2005 • Black/white

SIRE: Playmate (Playboy x 3/8 Sim x Angus)

DAM: M10 (Fear This x Epinal granddaughter)

- R56 is larger framed and good bodied. She is long necked and should have lots of breeding options.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

R558

CALVED: 3/23/2005 • Black

SIRE: Cowboy Cut

DAM: M258 (Frosty x J908, Chill Factor x Angus)

- This Cowboy Cut daughter should make a good cow. Her grandam, J908, has been an outstanding cow in our herd and sells as Lot 2.
- Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe in calf, due late March.

R516

CALVED: 4/21/2005 • Black

SIRE: Cowboy Cut

DAM: J936 (Cigar x F625, Traveler 6807 x Meyer 734)

- R516 will be a good addition to your herd. Her dam sells as Lot 44.
- Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe in calf, due in March.

Bred Heifers

503

CALVED: 2005 • Charolais

SIRE: Heat Wave (Heat Seeker x Maine-cross)

DAM: Charolais-cross

- If you like them stout, here you go. This Heat Wave daughter is a big boned belly dragger with extremely good hair. We think her mating with Ali will hit a home run from the start.
- Bred AI 5/26/2006 to COWAN'S ALI 4M. Pasture exposed 5/27/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

R47

CALVED: 5/22/2005

SIRE: Meyer 734 son

DAM: M65 (Angus x Red Angus-cross)

- Meyer granddaughters make terrific cows. This one is good bodied.
- Bred AI 5/17/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 2/23/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

R559

CALVED: 4/01/2005 • Black

SIRE: Armageddon (Full Flush x 3/4 Maine)

DAM: K1 (Caesar son x 965 Crossbred)

- An extremely cool female, R559 should work well with Heat Wave. Dam sells as Lot 51.
- Bred AI 5/26/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/03/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R585

CALVED: 4/13/2005 • Black/white-face

SIRE: Frosty (Epinal x Draft Pick daughter)

DAM: M14 (Simmental x G158 Crossbred)

- A very attractive Frosty daughter, R585 is hairy and should be a good cow. Our Frosty daughters have been very good to us.
- Bred AI 5/25/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R71

CALVED: Spring 2005 • Black

SIRE: Maine-cross

DAM: 333 (Maine-cross)

- This good profiling heifer will be a good candidate to breed to Heat Wave.
- Bred AI 5/24/2006 to OCC LEGEND. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe to pasture exposure, due mid-March.

Lot 148

R515

CALVED: 4/10/2005 • Black

SIRE: Shot Put (Finish Line x Angus)

DAM: L149 (Frosty x 743 Angus)

- Hairy, thick and deep, R515 should be a good producer. Shot Put is a Finish Line son we purchased in the Breeder's Classic.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe to pasture exposure, due in April.

R19

CALVED: Spring 2005 • Black

SIRE: Maine-cross

DAM: 351 (Maine-cross)

- This low percentage Maine heifer is square hipped and really nice fronted. She should make a very nice cow.
- Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son. Ultrasounded safe in calf, due mid-March.

R58

CALVED: 4/02/2005 • Black

SIRE: Captain Hook

DAM: 496 (Simmental-cross)

- R58 is a very hairy female with a good profile.
- Bred AI 5/24/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

Bred Heifers

R44

CALVED: Spring 2005 • Black

SIRE: Checks In The Mail

DAM: F31 (SAF Fame Angus x Zeke)

- A stout, big bodied heifer, R44 is bred differently than the rest of the offering.
- Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

R55

CALVED: 4/09/2005 • Red/brockle-face

SIRE: Heat Wave (Heat Seeker x Maine-cross)

DAM: 235 (Simmental-cross)

- This brockle-faced heifer is a powerful one. R55 is big bodied and broody. She should make a tremendous cow.
- Bred AI 5/23/2006 to OCC LEGEND. Ultrasounded safe to AI, due 3/01/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son.

R576

CALVED: 4/05/2005 • Black

SIRE: Simulcast

DAM: M224 (Grizz x K027 Cigar)

- R576 is a bigger heifer that is cool fronted. A future mating with Heat Wave should work nicely. Her sire, Simulcast, was produced in the McKay herd in Canada.
- Bred AI 5/25/2006 to OCC MACHINIST. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull.

R529

CALVED: 4/06/2005 • Red/white-face

SIRE: Frosty (Epinal x Draft Pick daughter)

DAM: M209 (Meyer 734 x H827 Red Angus-cross)

- This red/white-faced heifer is really cool. The Frosty daughters are making excellent cows. They work very well with Heat Wave.
- Bred AI 5/24/2006 to OCC JUST RIGHT. Pasture exposed 5/29/2006 to 8/01/2006 to a Thomas Angus bull. Ultrasounded safe to pasture exposure, due early April.

R33

CALVED: Spring 2005 • Charolais

SIRE: Charolais

DAM: 399 (Charolais-cross)

- If you are looking for Charolais-influenced females, look this one up sale day. A very powerful female.
- Bred AI 5/25/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 3/02/2007. Pasture exposed 5/29/2006 to 8/01/2006 to a Grizz son.

R52

CALVED: 4/17/2005 • Black

SIRE: Black Dice son

DAM: M86 (Red Angus x K31, Databank son x Draft Pick)

- R52 is a long bodied female. She has a cooler look and is square made. Matings to the Heat Seeker bloodlines should work well.
- Bred AI 5/23/2006 to OCC LEGEND. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son. Ultrasounded safe to pasture exposure, due late March.

R57

CALVED: 5/20/2005 • Black

SIRE: Tug Boat (Imprint x Maine-cross)

DAM: J21 (Angus x 97E5 Angus)

- An outcross to most club calf sires, R57 should have numerous mating options.
- Bred AI 5/23/2006 to NORTHERN IMPROVEMENT 4480 GF. Pasture exposed 5/29/2006 to 8/01/2006 to a Northern Improvement son. Ultrasounded safe to pasture exposure, due late March.

BAX Legit 45-172
(OCC Legend 661L x BAX Marisa Adina 172-455)
His service sells

Lot 163

509

CALVED: 2005 • Red
SIRE: Hodne (Charolais)
DAM: Red Angus

- This strawberry-colored female is one of our favorite bred heifers. We are anxious to hear back about her calf by our exciting new herd sire Legit, purchased from Duff Cattle Company.
- Pasture exposed 5/16/2006 to 7/03/2006 to BAX LEGIT 45-172.

B&S Miss Summit 145E
Dam of Lots 167 and 168

DSUL Scarlet 4624

CALVED: Fall 2004 • Red Roan Purebred Shorthorn
SIRE: Outrageous (Phildon Time Out x KaBa Rose)
DAM: Cherokee Lady 624 (Double Stuff x Dream Weaver)

- We could write a book on the accomplishments of this heifer's dam. No other Shorthorn cow has done more in the club calf business. A full sister to 4624 is becoming a mainstream donor in the Sullivan Shorthorn program in Iowa. Shorthorn breeders, take note!
- Pasture exposed 5/16/2006 to 7/12/2006 to DSUL OUTLAW.

Flush brother to
Lots 167 and 168

DSUL Meyer's 334

CALVED: Spring 2005 • Black/blaze-face
SIRE: DSUL Meyer 734 son
DAM: Angus 5334 (Commercial Angus)

- We like this blaze-faced Meyer granddaughter and think you will too. She is another reason we are liking our girls from Nebraska. They are going to make great mommas.
- Pasture exposed 5/16/2006 to 7/10/2006 to a Bon View New Design 878 son.

DSUL Miss Summit 441P

CALVED: 9/17/2004 • Reg. Hereford 42667701
SIRE: Midas (C –S Pure Gold 98170 x LeMar Girl Watch 3J)
DAM: B&S Miss Summit 145E (K&B Summit x Incred Ms)

- Hereford breeders, take note. You're not going to get many chances to own a direct daughter of Miss Summit 145E, the dam of Grand Slam, Bases Loaded and Hard Drive. A flush brother to Lots 167 and 168 was the first place heavy weight Hereford steer at Fort Worth last year. They just don't make them any better than this.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.

5044 Purple

CALVED: 3/2005 • Black
SIRE: Heat Wave (Heat Seeker x Maine-cross)
DAM: Meyer 734 daughter

- Bred AI 5/17/2006 to NORTHERN IMPROVEMENT 4480 GF. Ultrasounded safe to AI, due 2/23/2007. Pasture exposed to WK NEW DESIGN.

DSUL Miss Summit 445P

CALVED: 9/16/2004 • Reg. Hereford 42667702
SIRE: Midas (C –S Pure Gold 98170 x LeMar Girl Watch 3J)
DAM: B&S Miss Summit 145E (K&B Summit x Incred Ms)

- It's hard to find a more proven registered Hereford dam in the club calf industry than Miss Summit 145E. She stamps all her calves with big bone, a level hip, cool front, lots of body and volume and loads of style. These two full sisters will produce steers that win. The guesswork is done . . . help yourself.
- Pasture exposed 5/16/2006 to 7/03/2006 to JAUER 9207 ANCHOR 085 3028.
