Emma 05 – The donor dam of Lot 10

Lot
10

Lot 10A – DSUL Emerald 05-1

FEMALE Polled Calved: Spring 2005

Sire: **Foreplay**

Dam: **05 Emma** (Charolais x Angus)

PE 11/01-1/10 to Jauer 9207 Anchor – Safe – Due est. 8/20

Make sure you load this powerful Charolais-influenced bred heifer! She offers maximum power and style and her dam has been a model performer at Sullivan Ranch since she was selected as the top-selling bred female of the 2002 Kris Black Cream of the Crop Sale. Her first calf won a larger jackpot in Texas and stood second in his class at the San Antonio Livestock Show, and other calves from Emma 05 – including the popular Lifeline son shown here – have been some of our best each year. This will work!

Lot 10B – Embryos of Emma 05

Three embryos by **Foreplay**

Available for pickup sale day – At least one pregnancy is guaranteed

Lot 10C – Embryos of Emma 05

Three embryos by **Smoke Signal**

Available for pickup sale day – At least one pregnancy is guaranteed

Lot 10D – Embryos of Emma 05

Three embryos by **Full Flush**

Available for pickup sale day – At least one pregnancy is guaranteed

Frozen gems from the great Emma 05 donor! This cow has been bulletproof so far and these are her best matings!

Spice Girl 63J...

Lot 11

Lot 11

Spice Girl 63J

FEMALE Horned Calved: Spring 1999

Sire: **Full Flush**

Dam: **Wagonhammer 63** (Simmental x Angus)

Guaranteed safe to Ladies Man – Due 10/10

This productive Sullivan Ranch donor can be yours! Spice Girl 63J was a multiple champion in the East during her show career and we flushed her extensively to Heat Wave with many calves on the way. A daughter, DSUL Sarian 463 by Heat Seeker, sold for \$2,500 to Sowa Ranch, TX, in our 2006 Genetic Progress Sale and two of her full sisters sold for \$6,000 and \$4,250. Spice Girl 63J works great in transplant and, with her extreme neck, giant hip, proven past, we think that you'll look a long while before you find a more proven female to match with today's hottest steer sires. She'll do the job in a big way and her recipe for success is rock solid!

DSUL Sarian 463

The Sadie 634 Family...

ACAF Sadie 634F – The donor dam of Lot 11

Lot 12

DSUL Sadie's Destiny 634-1

FEMALE Scurred Calved: Spring 2005

Sire: **Meyer 734**

Dam: **ACAF Sadie 634F** (Foreplay x Angus)

PE 11/01-1/10 to Jauer 9207 Anchor – Safe – Due est. 8/15

Wow! The deepest and richest cow families at Sullivan Ranch are represented in this offering, and you know we've pulled out all the stops when we turn a precious female like this one loose. Sadie's Destiny 634-1 is a flawless, extremely high potential daughter of our prized Foreplay donor, Sadie 634F, one of the most successful females in our lineup. She is built and bred as well as we can put one together and her siblings have been past sale features that have sold in the \$4-12,500 range, not to mention the incredible full sister to this heifer that we lost just before sale time last year in an accident. Her most famous sister is none other than DSUL Sadie Lady 0634K that sold for \$6,400 in our first Genetic Progress Sale to Tolle Show Cattle, KY, and later resold as the \$20,000 top-seller of the 2006 Holiday Classic Sale to Fix and Harding, PA. This family breeds as true as any we have come across, and this heifer is the pinnacle of quality and long-lasting profit power!

The 2007 Sullivan Ranch Bull Sale

Three Sons of 3C Zeke 407...

Lot
14

Lot 14A – DSUL How Sweet 407-1

BULL Horned Calved: Fall 2005 BW: 89
Sire: **DSUL Oh Too Sweet** (Meyer 734 x DSUL Freckles 23C)
Dam: **Zeke 407** (DJ Zeke x Power Plant)

Here is an extremely powerful herd sire that combines two of the best females we can think of with the power of the industry builders like Meyer 734 and Power Plant. The sire of this long fronted, wide walking, blaze-faced bull is DSUL Oh Too Sweet, the \$14,000 valued top-selling bull from our second Genetic Progress Sale whose dam is our great 23C Freckles donor that is the backbone of our leading Limousin family and the dam of our DSUL Too Sweet donor whose daughter was selected as the Grand Champion Female of the 2000 National Western Stock Show. What's more, the dam of How Sweet 407-1 is our well-proven Zeke 407 donor – read more about her below – so his pedigree is as stacked as he is!

Lot 14B – DSUL How Sweet 407-4

BULL Horned Calved: Spring 2006 BW: 70
Sire: **Meyer 734**
Dam: **Zeke 407** (DJ Zeke x Power Plant)

The Zeke 407 donor is one of two older cows that we purchased from the Christiansen's 3C Ranch two years ago. Along with the Donor D-14, both of these cows are new to the Sullivan Ranch ET program but they have long track records of success in South Dakota. Two daughters of Zeke 407 by Meyer 734 sold last February for \$12,000 and \$9,000, and we have a full sister to them in our spring-calving herd that produced the \$12,000 top-selling steer of our spring calf crop. These three bulls offer surprising stoutness and muscle with a great pattern and look. We will be featuring several sisters to them in future sales, and we can't wait to see what you think of them. The Zeke 407 family offers upper level maternal power with a track record that is hard to beat!

Lot 14A

Lot 14C

Lot 14C – DSUL How Sweet 407-5

BULL Horned Calved: Spring 2006 BW: 76
Sire: **Meyer 734**
Dam: **Zeke 407** (DJ Zeke x Power Plant)

Two Sons of 3C Donor D-14...

Lot
15

Lot 15A – DSUL Meyer 14-7

BULL Polled Calved: Spring 2006 BW: 72
Sire: **Meyer 734**
Dam: **Donor D-14** (Comm Angus)

Lot 15B – DSUL Meyer 14-8

BULL Polled Calved: Spring 2006 BW: 70
Sire: **Meyer 734**
Dam: **Donor D-14** (Comm Angus)

This is our first offering from our new Angus donor, D-14, that we purchased as an older female from Christiansen's 3C Ranch in South Dakota. D-14 and another cow that we added on the same trip, Donor 407, had been long-time contributors in the 3C program with a string of top-sellers to their credits. We brought them both home and started flushed them intensively to the Meyer 734. So far, we like the results. We have some heifer mates to these bulls that we intend to sell in this sale in 2008, and these bulls are impressive as well. Check cool fronts, stout bone, and considerable rib shape with muscle. These are not your ordinary 734 sons.

Lot 15A

3C Donor D-14

Two Sons of Miss Right 6005...

Lot
16

Lot 16A – DSUL Meyer 6005-5

BULL Polled Calved: Spring 2006 BW: 74
Sire: **Meyer 734**
Dam: **BCC Miss Right 6005** (Leachman Right Time x K Bar E Erica 94)

6005 is a big time donor and an old show heifer. Two flush mate heifers in the open SD. With 150 head these two girls stick out big time. Both neat and ground sows—belly draggers. More from them—big sale features next year as breds. Miss Right 6005 produced the Champion Angus steer a few years ago at the Iowa State Fair.

Lot 16B – DSUL Meyer 6005-7

BULL Polled Calved: Spring 2006 BW: 60
Sire: **Meyer 734**
Dam: **BCC Miss Right 6005** (Leachman Right Time x K Bar E Erica 94)

Here is an excellent pair of Meyer 734 sons from our accomplished donor, Miss Right 6005, a purebred Angus daughter of Leachman Right Time. These bulls stand out due to their balanced look, cocky profile, excellent size, and impressive muscle; they might be the thickest 734 sons we have raised in a while. We have two flushmate sisters that are crowd favorites among 150 head of open replacements in South Dakota and they will be big-time, ground sow features of our 2008 Genetic Progress Sale if we don't talk ourselves out of selling them. A maternal brother to these bulls was selected as the Champion Angus Steer of the 2003 Iowa State Fair. The quality runs deep here!

Lot 16A

Two Sons of Winfrey 250...

Lot
17

Lot 17A – DSUL Meyer 250-12

BULL Polled Calved: May 2006 BW: 74
Sire: **Meyer 734**
Dam: **Winfrey 250** (Angus)

Here is a top pair of full brothers from the now-deceased Winfrey 250 donor that did a great job at Sullivan Ranch. Her calves have been very popular in our last two sales and at The Exposure Sale as well. In fact, our third Genetic Progress Sale featured 10 full siblings to these bulls that sold for a \$3,600 average including the Lot 14A bred heifer, DSUL 250-S89, that sold for \$12,000. The 250 cattle are predictably big boned, heavy muscled, and big bodied, and this pair of brothers is younger – they will turn one year old just before the sale – but they will continue the family tradition of quality.

Lot 17B – DSUL Meyer 250-14

BULL Polled Calved: May 2006 BW: 60
Sire: **Meyer 734**
Dam: **Winfrey 250** (Angus)

Cot
18

DSUL McSteamy 620

PB Charolais Bull Horned Calved: 3/21/06 BW: 87

Sire: **Hoo Doo Prince**

Dam: **Hoo Doo Lizzy 2069**

Tested TH Free

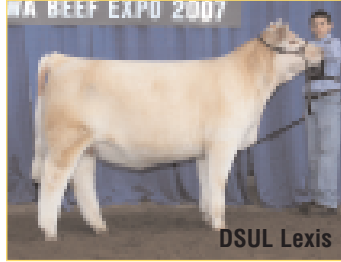

Straight Hoo Doo genetics and straight from the best in business! DSUL McSteamy is an exciting, young, purebred Charolais sire that is steeped in proven genetics that offer a proven alternative to many of today's available sires. His full sister is the undefeated Charolais champion DSUL Lexis 62 that has been shown by the Elder family, IA, this winter and spring, and his dam is our foundation Charolais donor, Hoo Doo Lizzy 2069, that is regarded as one of the best females ever to leave the Hoo Doo Ranch. McSteamy 620 offers 100% outcross Hoo Doo genetics in a powerful, sound, problem-free package!

Lot 19B – DSUL Jade Meyer 950-2

BULL Polled Calved: Spring 2006 BW: 60

Sire: **Meyer 734**

Dam: **Jade 950** (Black Bear x Angus)

Two full brothers to the dominant champion and trendsetting donor, RF Black Jade 950, the lead donor in the elite and successful lineup at Bonnell Farms Show Cattle, IN. This pair of yearling bulls are bigger and longer than most of our spring bulls with more growth and capacity. They are two of the longest fronted, most eye-catching bulls in the group and 75% Simmental pedigree is solid gold!

RF Black Jade 950

Lot 19A

Lot 20

Cot
20

DSUL Meyer 389-4

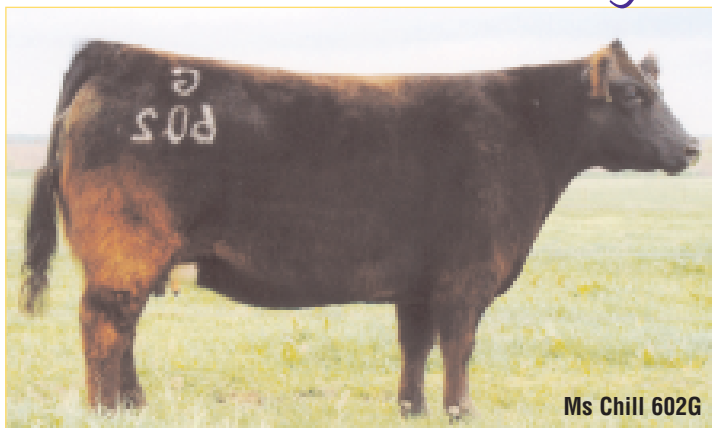

BULL Polled Calved: Spring 2006 BW: 78

Sire: **Troy** (Purebred Charolais)

Dam: **DSUL 389G** (Meyer 734 x MA x AN)

The dam of this long fronted, dark gray baldie is our productive 389G donor that has been an awesome producer and is still in ET production at age 12. Her Heat Wave daughter sold as Lot 46 in our 2006 Genetic Progress Sale for \$6,500 to Jeff Wyatt and Van Riley, TX. This is one of the few spring yearling bulls to sell and he is also one of the biggest boned bulls in the offering.

Two Sons of GK/Mimms Angus Donor 602...

Ms Chill 602G

Lot 21

Lot 21A – DSUL Rocky 602

BULL Polled Calved: Spring 2005 BW: 84

Sire: **Draft Pick**

Dam: **GK/Mimms 602**

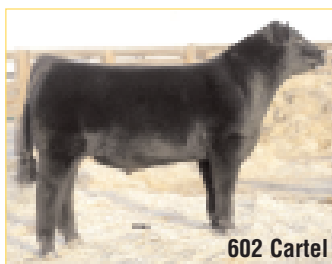

Lot 21B – DSUL Goliath 602

BULL Polled Calved: Spring 2005 BW: 87

Sire: **Draft Pick**

Dam: **GK/Mimms 602**

Consider this your maternal improvement opportunity of the year! Choose one of or both of these full brothers by the great Draft Pick from the famed and now-deceased GK/Mimms Angus Donor 602 whose sons and daughters are some of the most sought after in the industry. The 602 donor is the source of a long string of success and regarded as one of the most valuable cows in the history of the business. Some of her most famous progeny include our accomplished donor Chill Factor 602G, the \$50,000 sire 602 Cartel, the \$77,500 top-selling Lot 1 of the 2005 Donors Unlimited Sale, numerous top-sellers at sales across the country and more than \$225,000 in reported sales. These bulls turned two this spring so they are ready for heavy service, and both will impress you with their complete design, excellent muscle shape, and quality look.

602 Cartel

Lot 21A

Lot 22

DSUL Heatin' Up 415

BULL Polled Calved: 5/19/06 BW: 79

Sire: **Heat Wave**

Dam: **K-Bar Meyer 415** (Meyer 734 x Angus)

This low birth weight son of Heat Wave is stacked with proven quality! His dam is our all-time favorite 734 daughter, the K-Bar 415 donor, that was Dan's choice of the females at K-Bar Ranch, OK, in 1999. Heatin' Up 415 won't see his first birthday until just before the sale day so don't overlook him due to his age. He is a square hiped, long necked, stout boned steer sire from a great donor dam and he sports a rare low birth weight among high-quality Heat Wave sons.

K-Bar Meyer 415

Lot 23

DSUL Heat's On 812

BULL Polled Calved: September 2006 BW: 89

Sire: **Heat Wave**

Dam: **Ruby 812** (Meyer 734 x MA x AN)

Sorry we didn't get a picture of Heat's on 812, but look him up sale day. If you're looking for a bull with enough power to sire calves that will slick shear, this young bull might be the one. He makes a strong candidate with his proven pedigree – Heat Wave sired nearly every major champion in the country the past two years and his dam, Ruby 812, has been as good of a Meyer 734 daughter as you'll find – and super stout, good-looking phenotype. The 2007 spring-born full brother to Heat's On 812 has display bull potential and is already causing quite a stir among those that have seen him. This fall bull calf has enough muscle to make a hard-to-find sire of calves that will slick, but you should have seen the shag he had on him before we shaved him this spring. Don't miss this one. His stock is rising!

Lot 24

DSUL Fat Cat 935-6

BULL – Elig. PB Angus Polled Calved: Spring 2006 BW: 80

Sire: **OCC Doctor**

Dam: **Masterfare Sara 935** (Rally High 5 x Saratoga)

A full brother to the one and only, Fatty Patty, an industry icon and one of the most consistent sources of success in the business whose trio of daughters were popular features of the recent Donors Unlimited Share the Future Sale. This young bull offers considerable genetic value in a big ribbed, sound moving, muscular package. He should calve easily and his daughters should never leave your place!

Lot 24

WAG/DSUL Marlboro Man...

Lot
25

WAG/DSUL Marlboro Man

BULL Polled Calved: Fall 2005 BW: 92

Sire: **Superman** (Purebred Charolais)

Dam: **Wagonhammer Maine x Char**

Selling full possession and one-half semen interest

Our bull offering the deepest it's ever been this year, and The Marlboro Man is another super smokey that we have considerable confidence in. He offers mega-watt power with his giant top, hip, and quarter, and is perhaps the stoutest boned, widest bodied Charolais-cross bull we've come across. His dam has been a top performer in the highly regarded herd at Wagonhammer Ranches, NE, and ranks as one of the best-looking females in their fall-calving herd. We think the opportunity exists to realize significant semen sales revenue from this bull so we are offering full possession yet retaining one-half semen interest. It will be exciting to see what The Marlboro Man can accomplish from here. He is one powerful herd sire!

FEMALE Polled Calved: Spring 2003

Sire: **The Godfather**
Dam: **SULL 421** (Jazz x Angus)

AI to Smoke Signal 11/08 – No Exposure – Due 8/15

This Godfather daughter is full of good looks, power, and possibilities. She should work great in the production of slick shear show prospects with her extra stoutness and thickness. Her dam is a really nice Jazz x Meyer 734 combination in the herd at Sullivan Cattle Co, IA. Godfather calves work well in the South and the Grand Champion Steer at the 2005 North American International was a Godfather Too, the full brother to The Godfather. Also, both the 2003 and 2004 Grand Champion Steers at the Tulsa State Fair were sired by Godfather as well.
